

TRG | 30

A new breed of services

THE REILLY GROUP

The TRG | 30 is a **Rapid Response Report** on critical issues, needs, and problems in **30 working days**.

The TRG | 30 is crafted by a team of highly qualified public sector managers, each having decades of **relevant, real-world experience**.

The TRG | 30 provides critical **findings** with key **recommendations** and actionable implementation steps.

The Reilly Group meets with you to listen carefully to your needs and determine objectives and scope.

TRG develops a detailed work plan including clarifying all steps and key roles for both you and TRG in the process.

TRG works with you to gather information into its Data Collection Document:

- collection checklist
- management questionnaire
- organizational culture survey

TRG conducts individual and group interviews and directly observes key activities.

TRG conducts a detailed analysis.

A final report addresses 9 key areas:

- workload staffing
- organization structure and reporting relationships
- organizational culture
- services and service delivery methods
- systems, procedures, and policies
- management systems and decision-making practices
- staff training
- management capacity
- resource allocation
